Construction on our campus is moving along nicely, and we want traffic to do the same.

Parking and traffic patterns will be changing over the next few months, and we want to make it as easy as possible for our patients and visitors. Visit www.mgh2.org/parking regularly for the most current parking and free valet information. The site also has detailed information about the new hospital, including plans and renderings of the state-of-the-art design.

ALERT: The former East Lobby Entrance is NOW CLOSED.

To reach the main entrance of the hospital, use Entrance A or B. Please let a Patient Ambassador know if you are in need of wheelchair assistance upon arrival.
